TECHNICAL RIDER

Colorful People · band (6 members)

Version 10/2026

> Thank you for taking the time to read this document. This technical rider forms an integral part of the performance agreement. If any of the requirements cannot be met, or if anything is unclear, please contact us in advance by phone or e-mail – most things can be solved together and we are happy to adapt to the venue.

01 CONTACT

Bandleader & management	Juraj Holoda
Phone	+421 910 260 594
E-mail	info@colorfulpeoplemusic.com
Web	www.colorfulpeoplemusic.com

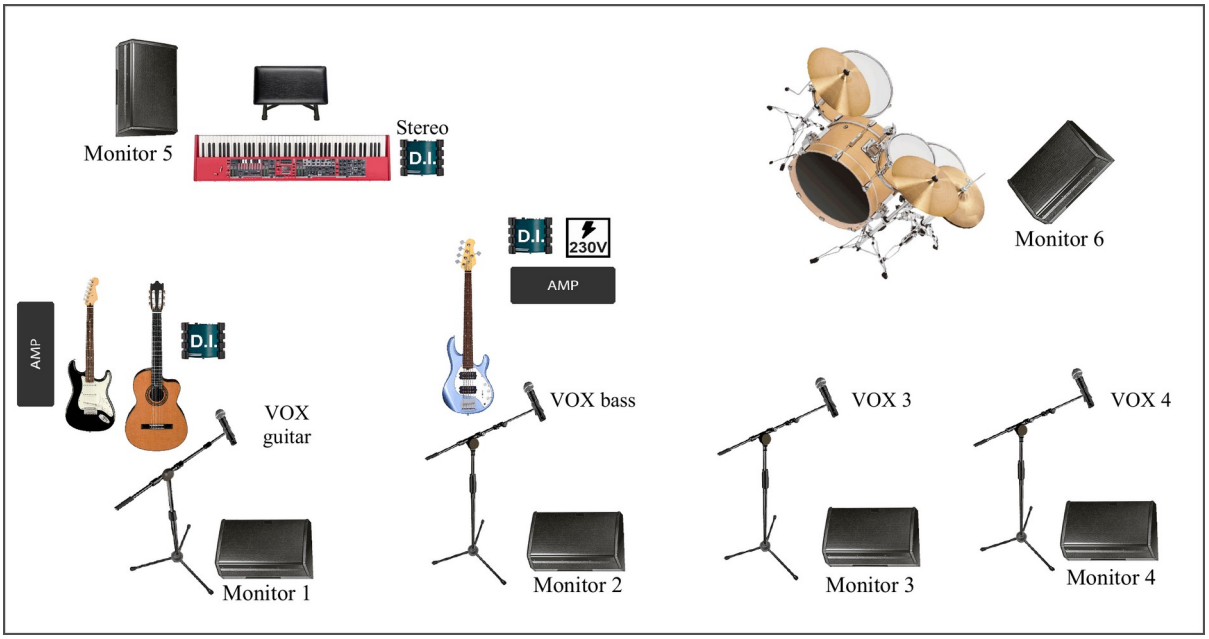

02 AT A GLANCE

Inputs	16 channels
Mixing console	min. 20 channels, reverb/delay effects, min. 6 monitor sends
Monitors	6 separate mixes, 6 monitors as per stage plot

1	**Kick**	e.g. Shure Beta 52 / Audix D6	short boom	–	Oliver
2	**Snare**	Shure SM57 or similar	short boom	–	Oliver
3	**Hi-hat**	condenser (e.g. Shure SM81)	short boom	yes	Oliver
4	**Tom**	e.g. Sennheiser e604	clamp	–	Oliver
5	**Floor tom**	e.g. Sennheiser e604	clamp	–	Oliver
6	**OH – SL**	condenser (e.g. AKG C451)	tall boom	yes	Oliver
7	**OH – SR**	condenser (e.g. AKG C451)	tall boom	yes	Oliver
8	**Bass**	DI out from amp	–	–	Lenka, 230 V
9	**Keys L**	DI box	–	*	Tomáš
10	**Keys R**	DI box	–	*	Tomáš
11	**Electric guitar**	Shure SM57 / Sennheiser e906	short boom	–	Juraj, 230 V
12	**Acoustic guitar (nylon)**	DI box	–	*	Juraj
13	**Vox – Juraj**	Neumann KMS 105 (own)	tall boom	yes	
14	**Vox – Lenka**	DPA d:facto (own)	tall boom	yes	
15	**Vox 3 – Dušan**	Shure Beta 58 wireless (promoter)	tall boom	–	

Ch.	Source	Mic / DI	Stand	+48V	Note
16	**Vox 4 – Anita**	Shure Beta 58 wireless (promoter)	tall boom	–	

** phantom power only if an active DI box is used.*

The promoter provides:

- 2× Shure Beta 58 wireless
- 3× DI box (1× acoustic guitar, 2× keys L/R)
- mics for drums (7×) and guitar amp
- 10× boom stand (6× tall, 4× short) + 2× clamp
- all necessary XLR cables
- 6× monitor and 230 V power as per stage plot

06 MONITORS

Please provide 6 high-quality 3-way monitors with sufficient power (d&b, Nexo, EAW, L-Acoustics or similar) on 6 separate monitor sends, positioned as shown in the stage plot.

Mix	For	Mix content
Monitor 1	Juraj	mainly own vocal, acoustic and electric guitar; a little of the other vocals, keys and bass
Monitor 2	Lenka	mainly own vocal and bass; guitars, keys, other vocals
Monitor 3	Dušan	mainly own vocal; guitars, keys, bass and a bit of the other vocals
Monitor 4	Anita	mainly own vocal; guitars, keys, bass and a bit of the other vocals
Monitor 5	Tomáš	mainly keys; all vocals, guitars and bass
Monitor 6	Oliver	mainly drums; all vocals, guitars, keys and bass

07 NOTES FOR THE SOUND ENGINEER

Vocals	Bright and clear, with a brilliant high end. All four singers sing lead throughout the concert – please set all vocals to the same level and slightly lift the current lead singer during the show. Vox 4 (Anita) can be slightly reduced when singing backing vocals only.
Acoustic guitar	Full-bodied, round sound with a brilliant high end (boost around 10 kHz, but please leave 1–6 kHz flat).
Guitar – dynamics	On the acoustic guitar please do not use a compressor (unless necessary), gate or limiter – we need the whole dynamic range.
Guitar – high-pass	On the acoustic guitar maximum 100 Hz.
Effects	Reverb / hall / delay according to the character of the songs.

08 PA SYSTEM & FOH

- The promoter provides a high-quality PA system, powerful enough for the expected audience and evenly covering the entire audience area.
- At least a 3-way system with subwoofers and an adjustable processor at FOH. Preferred brands: L-Acoustics, Adamson, Meyer Sound, d&b, EAW. Approx. 10 W per person, SPL at FOH up to 110 dB.
- Loudspeakers must be installed at a proper height and angle to provide the best possible reproduction and maximum clarity.
- Mixing console with at least 20 channels, effects (reverb, hall, delay…) and at least 6 monitor sends. Please place FOH in the audience area, ideally on the stage centre line.
- A technician familiar with the house equipment must be available during soundcheck and the show.

09 STAGE

- The stage must be safe, stable and clean. Minimum size is 6 × 4 m. If the stage is smaller (e.g. in a club), please call us and we will check together whether we fit.
- If possible, please provide a drum riser (approx. 2 × 2 m, 20–40 cm high).
- For outdoor events the stage must be roofed and protected from rain and direct sunlight.
- Layout and connections are shown in the stage plot.

> ⚠️ **During and after soundcheck, and before and after the show, nobody may use or handle the prepared instruments, mic stands or performance equipment without the band's prior consent.**

10 LIGHTS

- Basic stage lighting appropriate to the size of the event. All lights aimed at the stage and in the production area must be fully controllable from the desk (everything must be able to go to blackout).
- Unless agreed otherwise, the promoter provides a lighting operator who follows the band's instructions, knows the power and data patching and the programming, and can solve any problems that arise.

11 ARRIVAL, SCHEDULE & PARKING

Schedule	Exact times for arrival, set-up and soundcheck will be agreed with production in advance.
Approx. times	set-up 45 min · soundcheck 60 min · pack-down after show 30 min
Before soundcheck	The stage and PA must be set up, patched and working when the band arrives.
Parking	2 parking spaces (car / van) as close as possible to the load-in entrance.

12 BACKSTAGE & HOSPITALITY

- Please provide one suitably sized room with furniture (tables, chairs) for 6 people. The room must be clean, lit, lockable (key handed to the band on arrival) and heated to 22 °C.
- Access to backstage and the dressing-room area must be secured against unauthorised persons.
- Access to the stage should lead directly from backstage (not through the audience / main hall). If this is not possible, please inform us at least 3 days before the show.

Catering

6 meals in total – the exact number of people travelling with the band will be confirmed before the show.

Item	Qty	Item	Qty
Hot meal (no fast food)	6×	Pear juice 1 l	2×
Cheese & cold-cut platter, bread	2×	Coca-Cola 1.5 l	2×
Vegetable platter	2×	Beer 0.5 l (tokens / draught OK)	12×
Still water 1.5 l	6×	White wine 0.7 l	2×
Still water 0.5 l	12×	Terry towels	6×
Orange juice 1 l	2×	Cups, napkins, cutlery, plates, bottle opener	✓

Accommodation

Accommodation depends on the venue and the time of the show. If the band plays until late, the promoter provides accommodation – the details are subject to agreement.

Rooms required: **3× twin room**

Thank you – we look forward to working with you!
